

Application No. 10/695,656

AMENDMENTS TO THE CLAIMS

A detailed listing of all claims that are, or were, in the present application, irrespective of whether the claim(s) remains under examination in the application are presented below. The claims are presented in ascending order and each includes one status identifier. Those claims not cancelled or withdrawn but amended by the current amendment utilize the following notations for amendment: 1. deleted matter is shown by strikethrough for six or more characters and double brackets for five or less characters; and 2. added matter is shown by underlining.

OXN
1-17. (Cancelled)

18. (Currently Amended) A method of irrigating a lawn, the method comprising:

fabricating a lawn irrigation system, comprising:

operably attaching a motor to a frame

operably connecting at least one drive wheel to the motor;

operably connecting a sprinkler arm to the motor; and

removably attaching a first cover to at least partially cover the frame, the motor,

and the at least one drive wheel so that the lawn irrigation system

resembles an object other than a sprinkler;

connecting the motor to a water hose;

flowing water through the motor and the sprinkler arm to cause the at least one drive

wheel to rotate and thereby move the lawn irrigation system over the lawn;
